

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

THE thanks of all who are interested in the preservation of parish records are due to the Rev. Reuben Evans, Rector of Llandinabo, for his kindness in permitting the publication of the Registers of Llandinabo and Pencoyd.

In regard to Harewood, it may be well to mention that the chapel, with the other possessions of the Knights of St. John in that parish, passed into private hands at the Dissolution. During long periods no chaplain was appointed, and the inhabitants were dependent on the neighbouring clergy for the rites of the Church.

and 10s. to each parish to be yearly paid at the Feast of All Saints to the poor of the sd. parishes by the churchwardens for the time being, and by them twice distributed in the year by equal portions, viz., against the Feasts of Easter and Christmas yearly for ever. And my will is that the said payments of 20s. and 10s. to the poor of the severall parishes shall be made at the Feast of All Saints that shall happen next after my decease. And I hartilie desire that if there shall be any neglect of payment by those to whom I shall dispose of the lands, then such as are appointed Commissioners for ordering of lands given for charitable uses, shall call the tenants of these lands before them and compel them to make payment: Per me, William Phelpot, curatum."

MEM.—That it was then agreed, concluded, and condescended, to by and between Thos. Morse, yeoman, and James Roberts, yeoman, both of Pencoid, with the joint consent and attestation of the Minister and some of the chief parishioners—that is to say that the sd. Thos. Morse and James Roberts do exchange their railles being parts of the boundaries of Pencoid churchyard, viz., rails on the West part of the Tower consisting of the measure of 50 foot and belonging to a tenement formerly called White-Wall now in the occupation of the sd. Thos. Morse, which he doth by these presents transfer and convey to James Roberts for that his the sd. James' part on the South side of the church, containing about 78 foot, formerly and now belonging to the sd. James his estate, late called the Old-Hall (excepting and always reserved to each of them and their respective families and posterities their seat-places in the church as formerly used). To have and to hold to the sd. Thos. Morse, his heirs and successors, the rails on the south side, and to the sd. James Roberts the rails situate on the west—each part exchanged to be repaired and fenced, as to either of them belongeth, for the securing of the churchyard. In witness whereof they have put their hands: Tho. Morse, James Roberts, attested by Jo. Willim, curate, Tho. Hopkins, Wm. Gwatkin. June 21.
